HUMANITARIAN SECURITY SYSTEMS

AUTONOMOUS HUMANITARIAN SUPPLIES SECURITY SYSTEMS (2022) – ensures that proper security and funding are always provided for all **UNITED NATIONS** and all other **HUMANITARIAN MISSIONS**, including providing **FOOD** and **MEDICATIONS** and **SANITATION SUPPLIES** to all foreign disaster zones, with cooperation through various **GOVERNMENTS** and **MILITARIES** around the world, **IRREVOCABLY DEFINED, IMPLICITLY DEFINED, PERMANENTLY DEFINED, PEACEFULLY DEFINED,**

Deleted: .

AUTONOMOUS GOOD WILL SECURITY SYSTEMS (2022) – ensures that military and law enforcement resources can be pulled off being first responders, and prioritized to be community experts, to hire additional persons to do good deeds, like mowing disabled persons lawns, and providing gardening services to the elderly that are important figures in society, and bringing fresh food to the elderly and the disabled wherever they live, and automatically bringing care services into the homes of the disabled and elderly, so they can live comfortably with resources provided by the government, and by offering transportation to disabled persons such as the blind or other persons that cannot drive to work, so they can pay for the transportation services if applicable, such as through the Department of Transportation, so that government services are suited for individuals, not just constituent pools, and so government services are customized to the needs of the individuals, so that individuals are provided suitable living conditions and services such as payments for their cable bills and their phone bills and their security services if they are disabled, and other services that they need, including through the **SOCIAL SECURITY ADMINISTRATION**, so that the basic living standard is not a set amount based on legal criteria, rather what the individual needs based on their own needs out of society to be secure in their own living environment, added any legal cases that have benefitted in explaining their circumstances, and such legal cases should be compiled automatically, and reports of such dilapidated living standards should be provided to policy makers in **WASHINGTON, D.C.** so they can make the correct decisions about how to provide such services, even under Republican administrations, especially considering any individuals that are high achievers and are highly accomplished and not recognized in public for their accomplishments that they perform in their own homes, through legal software, such as spelling correction and intercepts technology that automatically resolves their legal cases and ensures their success in their home by documenting their own evidence about what their life is like, so that computer systems in the government can ensure their success to move forward from their disability, or just enjoy their life at a normal status in their own comfortable living habitat, such as having the community come together to ensure that their home property looks sellable and realizable to their own dreams of retiring, even if they were unable to earn a retirement due to their disability, because real estate is
